Choose the way you will deliver your visa application:
I will send the application by registered mail to the postal address.
I will send the application by DHL Express to the postal address. I understand that no other courier companies will deliver to the postal address – only DHL Express . If sent by a company, an approval is needed that the letter will be redirected to a DHL Service Point.
I will personally drop off the application at the Consulate Mailbox in Brottbý.

The return: Choose one option below and prepare the return envelope.
Return by post – arrange a pre-paid label for registered mail by PostNord for the return. It can be ordered online here: https://portal.postnord.com/skickadirekt/ Please print and attach the label securely to an envelope and enclose together with your application. For more information follow the instructions on the Consulate website at "How to order return labels". If you put normal stamps on the return envelope and write REK on in, it will be posted back to you by normal mail – it will not be registered and will not get a tracking code. Norwegian and Finnish stamps do not work at all for the return from Sweden. International stamp coupons are not accepted.
Return by DHL - include a pre-paid DHL Express label for the return or send the label to the consulate by email. The label can be ordered here: https://expresseasy.se/ You do not need to send a DHL envelope, the label is enough.
Personally pick up from Consulate mailbox. Include a return envelope with your name and a mobile phone number for notification by sms when the visa is ready to pick-up.

Express visa:
I have read the express visa instructions and booked an appointment with the Consulate. I will inform the consulate by email of the tracking ID number if sent by registered mail or by DHL.

Important terms: The visa is valid from the date of issue. The visa must be used within three months from the date of issue. The consulate will not put future dates in the visa. After you receive the passport back, you must check so you have a correct and valid visa before your trip. If the visa needs to be corrected, the consulate will do so, but cannot take responsibility for any upcoming costs. The consulate does not take any economic or other responsibility if the passport should be delivered late by post or courier.

Important information - **Keep this page – do not send it to the Consulate**
